BH 80 probes

Produktbeschreibung

BH 80 series male probe with a BH 80 socket compliant profile on one side and a G1/2" F threaded connection on the other side, with a right-hand thread for comburent gases, inert gases and air, and a left-hand thread for fuel gases. The probes have 5 profiles (comburent gases, fuel gas 1, fuel gas 2, inert gases and air) of different sizes to prevent connecting the wrong type of gas.

Komponenten

AISI 316 stainless steel gas specific body marked for gas type.

The G1/2" F threaded connection has a right-handed thread for comburent gases, inert gases and air, and a left-handed thread for fuel gases.

Technische Daten

CODE	GAS	CONNECTION
P0215	OXYGEN	G1/2" F R
P0216	FUEL 1	G1/2" F L
P0217	FUEL 2	G1/2" F L
P0218	INERTS	G1/2" F R
P0052	AIR	G1/2" F R
P0053	AIR	G1/2" M R
