

Geräte zum Schweißen Schneiden und Erhitzen

LEM/3

Produktbeschreibung

LEM/3 nozzle mix cutting torch to be used with AV series oxyacetylene nozzles or PV series oxygen/propane or oxygen/methane nozzles. We recommend installing suitable flashback arrestors and reverse gas flow check valves on the inlet (VI6008 and VI6G08).

Normen

UNI EN ISO 9539 | UNI EN ISO 5172

Komponenten

No.1 aluminum grip.

No.3 gas taps for: oxygen, cutting oxygen and gas.

No.2 Ø 8 mm hose connectors on the inlet.
