

Medical gas devices

Ambulance distribution unit

Organismo Notificato n. 0476
Notified Body nr. 0476

Product description

The unit is suitable for installation in emergency vehicles to distribute medical gas; it consists of an anodized aluminum block on which two, three or four AFNOR terminal units are installed for connecting supply points. The unit is supplied through a Ø6 mm hose connector or AFNOR terminal unit. The ambulance distribution unit is available for oxygen, medical air and vacuum. The sockets are supplied with a protective rubber cover.

Normatives

UNI EN ISO 10524-1 | UNI EN ISO 7396-1 | UNI EN ISO 9170-1 | NF S 90-116 | UNI EN ISO 15001 | UNI EN ISO 5359

Components

N. One anodized aluminum distribution block.
ANFOR terminal unit.
EPDM PEROX O-Ring.
