
LEM/S grip

Product description

The LEM/S universal grip is compatible with HB and LEM lances and the LEM cutting torch.It has both oxygen and propane regulating taps; a Ø 8 mm hose connector with a G3/8" M threaded nut, with a right-hand thread for oxygen, and a left-handed thread for gas.We recommend installing suitable flashback arrestors and reverse gas flow check valves on the inlet (VI6O08 and VI6G08).

Normatives

UNI EN ISO 9539 | UNI EN ISO 5172
