

Cylinder rack

Product description

The cylinder rack is used to wall mount one or more 40/50 l compressed gas cylinders.1, 2 and 3 place types are available and are equipped with a chain with snap hook to install the bottles safely and prevent them from accidentally falling.It is also possible to combine multiple racks of different types for space reasons or simply to increase the number of tanks to be installed.

Components

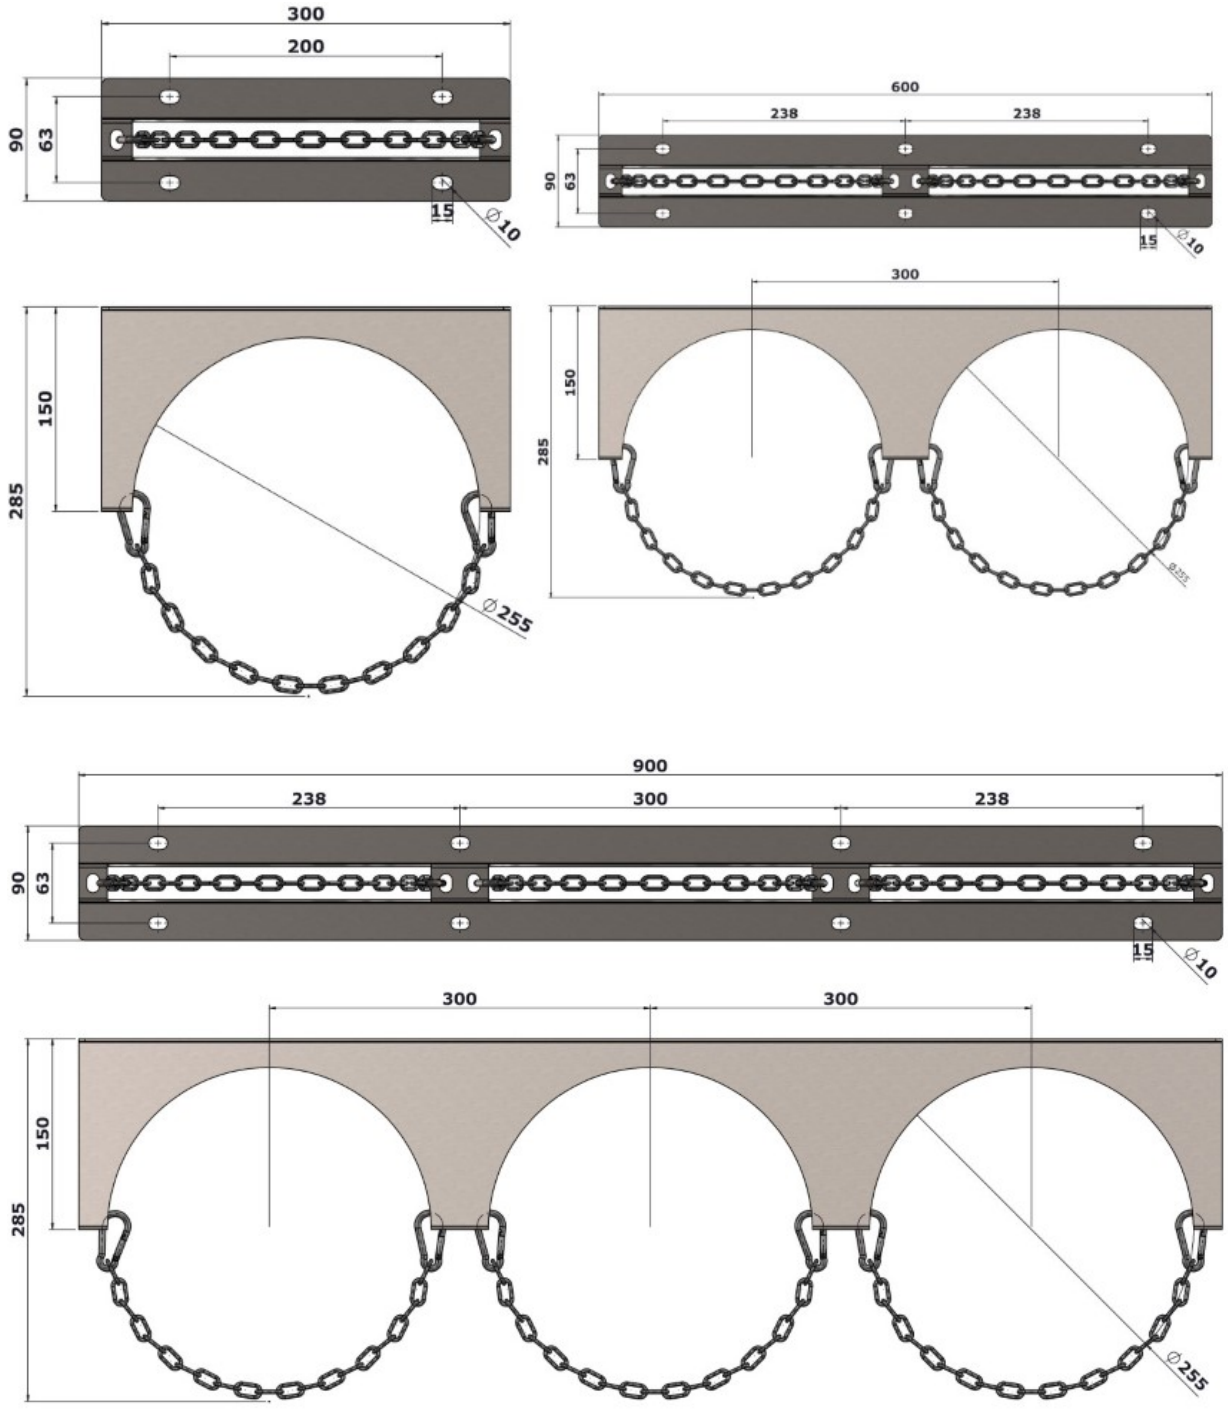

The cylinder bracket and wall-mount are made of brushed AISI 316 stainless steel.
The cylinder retaining chain is made of Aluzinc.
Fixing snap hooks.
