

DIN 13260-2 probe

Product description

The DIN probe is DIN 13260-2 standard compliant; the probe can be used to supply the desired medical gas from the clinic-hospital system. Each probe is a different size so they can't be swapped and each individual probe can be assigned to the corresponding gas take-off. All materials are oxygen compatible, supplied clean and free of any traces of oil, grease or dust.
