

Équipement de gaz médical

RACCORD SS 8752430

Organismo Notificato n. 0476
Notified Body nr. 0476

Description du produit

L'innesto SS est conforme alla normativa suédois SS 8752430; esso permette di prelevare il gas medicale desiderato dall'impianto medico-ospedaliero; disponibile anche con filetto G 1/4" Femmina.

Tutti i materiali sono compatibili con l'ossigeno, forniti puliti e privi di tracce di olio, grasso o polveri.

Règlementation

UNI EN ISO 9170-1 | UNI EN ISO 15001 | SS 8752430

Composants

Corps en laiton nickelé chimiquement, spécifique à chaque gaz.

Caractéristiques techniques

CODE	GAS	OUTLET	CONNECTION
HI112SSA4	Air	In line	Hose connector Ø10
HI112SSA8	Air-800	In line	Hose connector Ø10
HI112SSCD	CO ₂	In line	Hose connector Ø8
HI112SSM1	Mix 1	In line	Hose connector Ø8
HI112SSN4	N ₂ 400	In line	Hose connector Ø8
HI112SSNO	N ₂ O	In line	Hose connector Ø8
HI112SSOX	O ₂	In line	Hose connector Ø8
HI112SSVA	Vac	In line	Hose connector Ø12
HI113SSA4	Air	In line	G1/4" F R
HI113SSA8	Air-800	In line	G1/4" F R
HI113SSCD	CO ₂	In line	G1/4" F R
